

# Treasure Island Coordinates

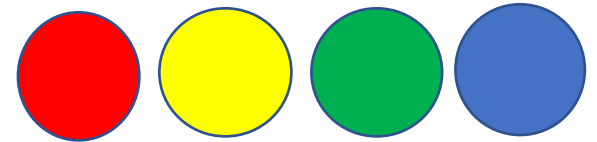

8								
7								
6								
5								
4								
3								
2								
1								
	A	B	C	D	E	F	G	H

How to play:

(you need two players, one grid each)

1. Draw your treasure island map on the grid.
2. Cut out your treasure counters.
3. Sit back to back with your treasure map on the floor in front of you. Choose 4 squares to hide your treasure on, don't tell your opponent where they are!
4. Take it in turns to call out coordinates to find the other person's treasure. (Letter then number.) You can either mark your map each time you call a coordinate with a cross (no treasure) or a tick (treasure), or write a list or print a blank grid and mark them on there if you want to re-use your map.
5. The winner is the first person to find all 4 treasure counters.

Have fun!

These are your treasure counters, cut them out and hide them on your map
